# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

# **SITUATION SUMMARY**

## **Coronavirus Disease 2019 (COVID-19) (Continued)**

### **Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/08/21 at 1100 hours:**

- 174,572,459 (+2,848,284) total confirmed cases
- 3,756,686 (+185,922) total deaths

### **Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/08/21 at 1000 hours:**

- 33,207,488 (+114,250) total confirmed cases
- 595,301 (+3,762) total deaths

### **Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/08/21 at 1100 hours:**

- 3,691,660 (+792) total confirmed cases

### **COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/08/21 at 2359 hours:**

- 38,652,198 (+1,094,691) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

## **Cal OES INLAND REGION**

- Nothing significant to report.

## **Cal OES COASTAL REGION**

- Nothing significant to report.

## **Cal OES SOUTHERN REGION**

### **Salton Buttes Earthquake Swarm, Imperial County**

On 06/11/21 at approximately 2127 hours a verified M3.9 (originally reported as a M4.0) earthquake occurred approximately 12km WSW of Niland, California at a depth of 2.8km. This event was followed by a swarm of seismic activity that included a M4.3 (originally reported as a M4.6) that occurred at 2139 hours. The current swarm activity is located in the Brawley Seismic Zone which is located between the Imperial and San Andreas Fault Zones, and at the northern end of the swarm that occurred over the past weekend as shown in the figure below.

- The current seismic activity is located within the Salton Sea.
- According to the California Geological Survey Geologist and the U.S. Geological Survey Duty Seismologist, this swarm is within the normal range for seismic activity in this region and not at a level for heightened concern. This activity is too far away from any major faults to increase concern for it to trigger an event on one of these faults.
- Per the U.S. Geological Survey, California Volcano Observatory Scientist-In-Charge, there is no current evidence of magma moving, but they will continue to monitor this activity.
- There are no reports of damage at the time of this report.
- The Cal OES Seismic Hazards Branch Duty Officer is in communication with CGS and the USGS to gather additional information.

# CALIFORNIA 911 SYSTEM

## California 911 Outages

Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

### 9-1-1 Outage/Remote/Community Isolation

#### Community Isolation, Beverly Hills, Los Angeles County (Initial)

Charter Communications has reported a Community Isolation affecting 1,114 VoIP users in Beverly Hills, Los Angeles County (zip code: 90210 and 90212). See below for further detail.

- Time Outage Started: 06/12/21, 0743 hours
- Time Outage Reported: 06/12/21, 0821 hours
- Time of Resolution/Restoration: N/A
- Total Outage Time: N/A
- Jurisdiction Affected: Beverly Hills PD
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline and VoIP Users Impacted: Yes – 1,114

#### Community Isolation, Culver City, Los Angeles County (Final)

AT&T has reported they have restored service at the Community Isolation affecting 1,572 revised to 396 Wireline and VoIP users in Culver City, Los Angeles County (zip code: 90232).

- Time Outage Started: 06/10/21, 1457 hour
- Time Outage Reported: 06/09/21, 1702 hour
- Time of Resolution/Restoration: 06/11/21, 0851 hours
- Total Outage Time: 18 hours, 6 minutes
- Jurisdiction Affected: South Bay Regional 9-1-1
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline Users Impacted: Yes
- VoIP Users Impacted: Yes

### Service Interruptions

- None reported.

# WEATHER OF CONCERN

## NORTHERN CALIFORNIA

- Widespread triple digit heat is expected in the San Joaquin Valley, West Side Hills, and Kern County desert next week. Excessive heat will develop in Indian Wells Valley Tuesday and spread northward into the San Joaquin Valley by Thursday.
- Near record heat will impact the San Joaquin Valley, Sierra Nevada foothills, West Side Hills, and Kern County desert Friday afternoon, resulting in a very high heat risk for heat-related illnesses. Heat events like this are rare for this area.

## SOUTHERN CALIFORNIA

- Gusty northwest to north winds will bring driving hazards and elevated fire weather conditions through at least early next week, especially over southern Santa Barbara County.
- Gusty winds each afternoon and evening will lead to elevated fire weather conditions for the deserts onto the desert slopes of the mountains.
- Excessively hot conditions are expected next week, especially Tuesday through Friday, over most of southwest California.
- [An Excessive Heat Warning is in effect for Monday-Friday for all areas. Temperatures in Southeast California will likely reach 118-122 degrees in many places during the latter half of the week.](#)
- Excessive Heat Warning Monday morning through Friday for portions of Apple and Lucerne Valleys, Coachella Valley and the San Diego County deserts.
  - A long duration heat wave is expected next week.
  - Temperatures will begin to increase this weekend, with well above normal temperatures Monday through Friday, peaking Wednesday and Thursday.
  - Record high temperatures may be broken.

### **Weather Advisories, Watches, and Warnings currently active in California:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

### **Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**06/12/21 - 06/18/21**

## **Saturday – Friday**

- Gusty winds will continue through Thursday across the Sierra and southern California mountains, bringing periods of elevated to locally critical fire weather conditions
  - Strongest winds expected Sunday through Tuesday with gusts of 30-40 mph
- Periodic showers also continue through early Monday across far northwest California, with additional rainfall amounts of one-quarter to locally three-quarters of an inch, highest in Del Norte and Humboldt Counties. Dry weather will persist the next 7 days over the remainder of the state.
- Warming temperatures through next week, especially for mid and late week with widespread 100+ degree temperatures expected for the Central Valley and much of southern California. Some areas will approach 110 degrees Thursday and Friday, even across the Central Valley.
  - High to Very High heat risk is likely to develop for mid and late week.

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2021-LAW-64629, 06/11/21, 1037 hours:** IERCC advising of a SPOT “SOS” activation at GPS coordinates 36.995430 -119.219360 plotting to Forest Service Road # 10S05 S/E of Barnes Mountain within Fresno County. Per the R/O’s emergency contact , this is an outfitting company that has 13 motorcycle riders on an outing . At 1041 hours , LDO relayed the activation information to Fresno County Sheriff’s Office (FCSO) SAR Coordinator. At 1049 hours , IERCC advising contact was made via satellite phone with group and learned the activation was a false alarm with no distress. LDO cancelled FCSO response. **Mission Closed.**
- **2021-LAW-64556, 06/10/21, 1206 hours:** Marin County Sheriff’s Office (MCSO) on behalf of San Francisco Police Department (SFPD) is requesting three HRD K9 teams with ground support to assist in searching for a missing 84 year old Asian woman last seen on 05/28/21 near Crissy Park. The requested resources are to meet for 0800 hours briefing this Saturday, 06/12/21, at the Presidio with exact location of the ICP still TBD. Cal OES Law Enforcement Branch is coordinating the response. **Update: 06/11/21, 1022 hours:** SFPD reporting they have received additional information regarding the MP and have requested MCSO to cancel the scheduled search on 06/12/21 pending further investigation. All SAR Mutual Aid resources have been cancelled. **Mission Closed.**
- **2021-LAW-64516, 06/09/21, 1503 hours:** CSWC notified LDO of a request for Cadaver K9 for sensitive LE mission in Humboldt County for a location TBD, to occur during the week of June 14th. **Update: 06/11/21, 1119 hours:** HCSO requesting the HRD K9 resources to report for a 0700 briefing on 06/15/21 at their Trinity River Substation. HCSO has secured lodging for the teams. Two HRD K9 teams have accepted the mission. **Mission Ongoing.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2021-TACCOM-0422:** Kit-1 and HQ-10 of Sonim phones to Chico State and the CPUC for their annual Cellular speed test. Typical usage time is 30-45 days.
